

National Parent Involvement Day

HPS Family Engagement Event

November 14th - 18th, 2022

YOUR VOICE MATTERS

Parents, students and families - please share with us a moment, a class, or an experience when a member of the HPS community engaged with you or your family to make you feel welcomed and helped you.

Here's how you can participate:

1. Visit https://www.hicksvillepublicschools.org/district/h_p_s_family_engagement_event to get more information about how to share your voice as part of the campaign. Teachers, principals and staff want to hear your ideas and work with you about getting engaged.
2. Use the campaign sign created or use your own 8.5x11 sheet of paper to share your voice with our school community. (Signs are available at your school or online.)
3. Students will hand in their sign to their classroom teachers in elementary schools and to their Social Studies teachers in the secondary schools.

Feel free to email photos of your family with your sign to webmaster@hicksvillepublicschools.org so we can share them to social media.

For students who complete their sign by **November 23rd** the following incentives will be given:

Elementary students: a free homework pass

Secondary students: a credit for a civics project grade

Students will need to write their name, grade and school on their sign to get credit and receive an incentive.
